AURA - 75m LUXURY MOTOR YACHT - designed by H2 specially for FINCANTIERI YACHTS

FINCANTIERI YACHTS TECHNOLOGY OF BEAUTY

Fincantieri Yachts are products of outstanding quality. They are the final result of a special synergy of advanced technical, design and construction capabilities, perfected over more than two centuries of experience building all types of oceangoing vessels. We infuse into every yacht the passion for quality and a keen eye for detail, stemming from the experience of generations of skilled engineers, craftsmen and leaders that are the Fincantieri team. They operate together in sophisticated yards like Muggiano supported by the world's finest yachting subcontractors. Vessels are designed and constructed with precision under the watchful eye of skilled project managers, combining the best design and production techniques with managerial expertise, at the disposal of discerning owners who seek excellence, in an open and proactive interaction that is pleasant, flawless and rewarding.

THE ESSENCE OF AURA

It was a great honour to be asked by Fincantieri Yachts to design a vision of a modern 75m.

My challenge was to create a modern yet timeless exterior that would identify with the Fincantieri Yachts brand values. Within her flowing lines I incorporated some subtle H2 design language including the fixed owners balconies and the sleek surfacing. The bow line is very strong and aggressive giving the yacht a sense of strength and purpose. As well as elegant and beautiful the yacht had to be extremely practical, incorporating a fully functional helideck, large deck spaces, tender garages and a large aft deck pool.

These were all important signature features to be incorporated into AURA.

Owner's and guests cabins	7
Captain's, officer's and crew cabins	11
Max no. of berths (14 pax + 19 crew)	33

Propulsion system	2 diesel engines with fixed pitch propellers
Propulsion (engines max power)	2 x abt. 2,000 kW
Maximum speed (100% power)	17 kn
Nautical range at 12 kn (10% margin)	abt. 5,000 nm
Generators (engines max rated power)	2 x abt. 415 ekW + 1 x abt. 200 ekW
Bow thruster	1 x abt. 250 kW
Stabilizers (at anchor)	2 pairs fixed

THE BEACH CLUB. A PLACE TO SPEND THE DAY MESSING AROUND IN THE WATER!

Guests can spend time here with direct access to the sea and the toys. With her feature aft pool this deck is now somewhere guests can spend quality time.

This is now an essential feature on yachts this size. Because the aft door folds down instead of up we created a large platform and beach club with minimum shade and a feeling of light. This is helped with a skylight in the bottom of the pool.

THE LUXURY OF TRANQUILLITY AND RELAXATION

UPPER LOUNGE – by day a spacious day lounge and by night a home cinema

As befits a fully custom yacht the contemporary styled interior is designed to be exquisite in detail and constructed to the highest standards. With a palate of light bleached woods, gentle blue fabrics, natural materials and stones, the interior is a place of tranquillity and relaxation.

THE DRAMATIC CENTRAL STAIRCASE

GUEST BEDROOM - clean lines and extremely spacious, the bedrooms offer a place of refuge from the outside world

A very important feature of the yacht, giving access throughout the decks. With glass floors and ceilings the light will pass through the staircase giving a feeling of unparalleled drama. A beautiful custom designed chandelier will flow through the centre.
